Please complete this chart to the best of your current knowledge for each special service provider in the school that must be scheduled. 1. Compute the number of total minutes in the official school day (same as on sheet 2). 2. Subtract homeroom time, lunch time and planning time for the teacher. The remaining time is available for assignment. Apportion that time (in mathematic increments similar to in sheet #2(i.e. 10, 15, or 20 minutes)) among the various assignments for a provider. Remember if a provider works in multiple grade levels this may require additional consideration when completing the chart.
