## Scheduling RTI and Special Services in Elementary Schools: No More "When can I have your kids?"

SCH(OL
SCHEDULING ASSOCIATES

Handouts and other resources may be found at www.ascd.org or www.schoolschedúlingassociates.com

## AgENDA

* Reviewing Issues and Goals
* Building the Master Schedule
* Scheduling Time for Intervention and Enrichment (I/E)
* Scheduling Special Services
* Flooding Literacy Teams into Reading Classes
* Extended Planning Blocks for PLC

I'll be more enthusiastic about encouraging thinking outside the box when there's evidence of any thinking going on
inside it.

Author Unknown

## Elementary School Issues

* Time allocation
* Fragmentation: Causes? Encore and special services schedules
* Time for intervention, enrichment, and special services, therefore...
* Common planning time for data analysis, curriculum management, instructional improvement, staff development

## MASTER SCHEDULE GOALS

* To provide consistency in the elementary instructional day and in the implementation of the district curriculum
* To protect instructional time for the optimal delivery of both core and encore curricula
* To provide time for special services (SPED, ESOL, etc.), intervention and enrichment programs within the school day that supports core instruction and accountability requirements
* To provide daily grade-level planning time for all teachers
* To facilitate the functioning of a talent-rich Literacy Team that floods into as many primary classrooms as possible for a minimum of 30 minutes daily to work with the classroom teacher to deliver high quality, assessment-driven, small group reading instruction.

## Master Scheduling Steps

1. Form a scheduling committee that includes grade level representatives, an encore representative, and special service providers. It helps if several committee members have the "scheduling gene."
2. Determine time allocations for all subjects/grade levels including academic time, time for encore, the number and length of Intervention/Enrichment periods, and lunch/recess.
3. Determine the encore rotation. Consider personnel shared between/among buildings.
4. Consider your special service providers (special education, ESOL, Title 1, gifted, instrumental music, etc.) that are shared across multiple grade levels and devise a plan which specifies the amount of time they will spend in each aspect of their deployment. Place a line on the schedule for each provider.
5. Begin scheduling encore blocks.
6. Begin to schedule academic blocks for grade levels in tandem with scheduling their special service providers working from the most restrictive to the least restrictive scheduling requirements. Start with the most restrictive situation (i.e a departmentalized grade, a special program requirement, a special education teacher shared in two or more grades).
7. Schedule intervention/enrichment (I/E) blocks as part of Step 6.
8. Schedule lunch/recess as part of Step 6.
9. Steps $5-8$ are completed with the "Goals" in mind, moving back and forth through the steps until the "best" schedule is created. (The order of steps 5-8 often must be changed; creating the schedule is less linear than one would think.

## ELEMENTARY SCHEDULING TERMS

* Encore Teachers-"Specials" like art, music, physical education, etc.
* Special Service Providers-special education, Title 1 reading and math, ESOL, gifted, and instrumental music and other instructors who provide instruction to some students, but not all.
* I/E- Intervention/Enrichment Period
* Intervention
* Based upon identified (data-driven) skill needs
* Focused on literacy and mathematics
* Provided by a variety of personnel, including classroom teachers and special service providers.
* Enrichment
* Provided for students proficient in literacy and mathematics
* Focused on moving proficient students to advanced proficiency
* Organized around enrichment units in science, social studies, writing, etc.
* Staffed by a variety of personnel, such as gifted/talented coordinator, other resource personnel, classroom teachers, and perhaps community members.

## What is an Intervention/Enrichment Period?

* A period (or periods) of time built into the school master schedule during which no basic core instruction or courses are delivered.
* 30-90 minutes are devoted to this period(s) daily.
* Tier 2 and sometimes Tier 3 interventions are provided during this time. For students not receiving intervention, enrichment opportunities must be provided.

## RTI Student Tiers

* Tier 1: About $80 \%$ of students learn basic curriculum through typical instruction w/ differentiation.
* Tier 2: About 15-20\% of students need regular intervention; generally this is provided by special service providers or classroom teachers during the I/E period.
* Tier 3: About 2-5\% of students need long-term and intensive intervention; faithful implementation of RTI requires that this intervention be in addition to the Tier 2 intervention, though in some schools it replaces the Tier 2 intervention.

## What are Elementary School Scheduling Needs for RTI?

## A Master Schedule (Not just PE, art,

 music, lunch and recess schedules) which includes the following:* Encore classes scheduled to preserve large blocks of core time and common planning time.
* An I/E period (or periods) for Tier 2 (and perhaps Tier 3) interventions and enrichment.
* A well-thought-out plan for the scheduling of special services.
* Occasional extended planning blocks for PLC work.

Your school may need an I/E period, but remember the prime rule of school scheduling:

# To put something <br> in, you must take something out! 

## Where do we find The Time?

## Elementary

## Elementary I/E Scheduling Options

* How many I/E periods should be scheduled?
$\%$ How long should the periods be?
Where in the schedule should the periods be placed?
* What should be scheduled to occur during the I/E periods and what should not?
* Must all I/E periods be nonconflicting?

## Sample I/E Scheduling From Wisconsin

4

## Caveat emptor!

 Scheduling the Intervention/ Enrichment period is relatively easy.Changing the culture of a school to one in which teachers and administrators collaborate on data analysis, progress monitoring, and the organizational tasks necessary to make the I/E period truly responsive to students' learning needs is very difficult!

## INTERVENTION/ENRICHMENT PROCESSES

Han

## Progress Monitoring

Formative Assessment

Data Analysis

## Intervention and Enrichment <br> Tiering and Planning

## Two Basic Approaches to I/E Period Organization

## The Centers Approach

* Individual classroom teachers organize enrichment centers for Tier 1 students.
* Classroom teachers pull small groups from centers to provide some Tier 2 (moderate, shortterm) interventions.
* Clinical specialists pull-out (or push-in) for other Tier 2 interventions.
* Tier 3 (intense, longer-term) interventions are provided as pull-outs or push-ins either in place of Tier 2 during I/E or in addition to Tier 2 as a second intervention.

## The Re-grouping Approach

* Classes are re-grouped across a team or grade level to form tiered groups.
- Tier 1 students are provide enrichment by one more classroom teachers or other personnel (Gifted, encore, etc.).
- Tier 2 students are provide interventions by other classroom teachers or special service providers.
* Tier 3 students are provided interventions by clinical specialists either in place of Tier 2 during I/E or in addition to Tier 2 as a second pull-out.

Table 4.1 Sample Structure of Intervention/Enrichment Period for One Grade Level

| Groups | Activity | Staff |
| :---: | :---: | :---: |
| $25 \%$ of students | Writing lab | One (of three) classroom <br> teachers |
| $25 \%$ of students | Science and social studies <br> enrichment activities | Library/media specialist |
| $\mathbf{1 5 \%}$ of students | Math interventions | Second classroom teacher <br> or computer lab |
| $35 \%$ of students | Reading interventions | Third classroom teacher, <br> LD teacher, <br> 2 reading specialists |
|  |  |  |

School Scheduling Associates, LLC is dedicated to the
 proposition that time is a valuable resource and that school scheduling - elementary school, middle and high school scheduling - is far more important than the simple mechanical assignment of students to teachers, spaces, and time periods. We aim to harness the power of the school schedule to address problems and facilitate the successful implementation of effective instructional practices.

## Designing Better Support Service Schedules

1. Schedule support personnel as the master schedule is being developed, not afterwards.
2. Analyze all providers' roles and determine how they will be shared within and among grade levels
3. Implement a combination of inclusion and I/E scheduling to provide opportunities for pre-teaching, co-teaching, and re-teaching.
4. Assign intervention/enrichment (I/E) periods for each grade level.
5. Carefully create need-based clusters to facilitate scheduling of support personnel.

Special Service Providers' Estimated Time Allocation

| Time Available | Place the role/names of each special service providers (Title 1, Special Education, ESOL, Gifted, and Instrumental Music) at the top of each column; add columns as needed. |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| (Place your day length in minutes here; same as sheet \#2) | Provider 1 (Sample) Title 1 Reading-Mrs. Jones | Provider 2 | Provider 3 | Provider 4 | Provider 5 | Provider 6 |
| Grades served |  |  |  |  |  |  |
| Daily Minutes of Homeroom |  |  |  |  |  |  |
| Daily Minutes of Teacher's Lunch |  |  |  |  |  |  |
| Daily Minutes of Teacher's Planning |  |  |  |  |  |  |
| Daily Minutes for Push-in or Pull-out from Intervention/ Enrichment Period(s) |  |  | - |  |  |  |
| Daily Minutes for Push-in to Language Arts Time |  |  |  |  |  |  |
| Daily Minutes for Push-in to Math Time |  |  |  |  |  |  |
| Daily Minutes for Push-in to SS/SC Time |  |  |  |  |  |  |
| Daily Minutes for Replacement Language Arts Time |  |  |  |  |  |  |
| Daily Minutes for Replacement Math Time |  |  |  |  |  | D |
| Daily Minutes for Replacement SS/SC Time |  |  |  |  |  |  |
| Other Duties? |  |  |  |  |  |  |
| Total | 0 | 0 | 0 | 0 | 0 | 0 |

Please complete this chart to the best of your current knowledge for each special service provider in the school that must be scheduled. 1. Compute the number of total minutes in the official school day (same as on sheet 2). 2. Subtract homeroom time, lunch time and planning time for the teacher. The remaining time is available for assignment. Apportion that time (in mathematic increments similar to in sheet \#2(i.e. 10, 15, or 20 minutes)) among the various assignments for a provider. Remember if a provider works in multiple grade levels this may require additional consideration when completing the chart.

## Master Block Schedule (Inclusion Scheduling)

## Special Service Scheduling

4.

## Agree or Disagree??

* Grade 3 reading level is a strong predictor of students who will not graduate from high school.
* Receiving competent reading instruction in the primary grades can depend on "luck of the draw" - e. g. the school where child attends, the teacher assigned, class size, the school district in which student lives, and the principal of the school.
* At least 35 percent of students in U.S. entering Grade K must make at least 1.5 years of literacy gains each K-2 school year if they have any chance of entering Grade 3 reading at grade level.
* Once the "Matthew Effect" is established for a student, the achievement gap continues to widen throughout the school years for that student.
* Staff development that tends to have greatest impact on classroom practice is embedded or "in-house" modeling.

## Factors Identified with Successful Literacy Teams

* A literacy coach who can administer frequent informal reading assessments, diagnose learning needs, design and model appropriate learning activities
* Identify and develop other staff members to be part of the Literacy Team(s) including each classroom teacher and perhaps reading specialists, special educators, teacher assistants, and retired professionals.
* Create/buy/organize a repository of books and instructional materials and activities indexed to specific skills.
* Work collaboratively with the Literacy Team to create lesson plans.
* Construct a master schedule that floods a literacy team into each classroom for minimum of 30 minutes daily (prefer twice daily) and coordinates with all other instruction.
* Provide regular extended common time for the Literacy Team(s) and each grade level with whom they work.

* ELG = Early Literacy Group
** Plan: Available to provide 80 minutes of planning for each grade level on a 6-day rotation. See Figure B. 3 and Canady and Rettig (2008), pp. 54-92 for further details.
